Your Highness

Deeply concerned about the situation of **Ahmed Mansoor**, I beg you to use your power of pardon to end his imprisonment. Ahmed Mansoor has for five years been jailed in inhuman conditions, alone and without a bed or running water, for “harming national prestige” and “publishing false information”, when in truth all he has done is speak up for human rights.

Your Highness’s accession to the highest office is an opportunity to start a new era of liberties and tolerance. Please take advantage of it – and if you do so, you will gain the world’s admiration.

Yours sincerely
