Your Excellency,

I appeal to your benevolence for the release of Narges Mohammadi, 2023 Nobel Peace laureate and UNESCO World Press Freedom Prize-winner. Narges Mohammadi is now undoubtedly the world's best-known prisoner of conscience.

She was jailed following an unfair trial, contrary to international standards and lacking the guarantees of due process.

Her latest sentence, to two and a half years in jail and 154 lashes, in addition to a previous sentence for ten years and nine months, is due solely to her peaceful work for the human rights of Iranians.

Her plight is not only unjust but also cruel, as the prison authorities are not respecting the medical treatments that she requires as a result of her impaired health.

In view of the above, my plea for mercy for Narges Mohammadi is also an appeal for justice.

Yours respectfully,
